

# Loading the Epic App on Your Device

This guide provides a quick overview of how to load the EPIC app to all your devices.

Apple

Amazon

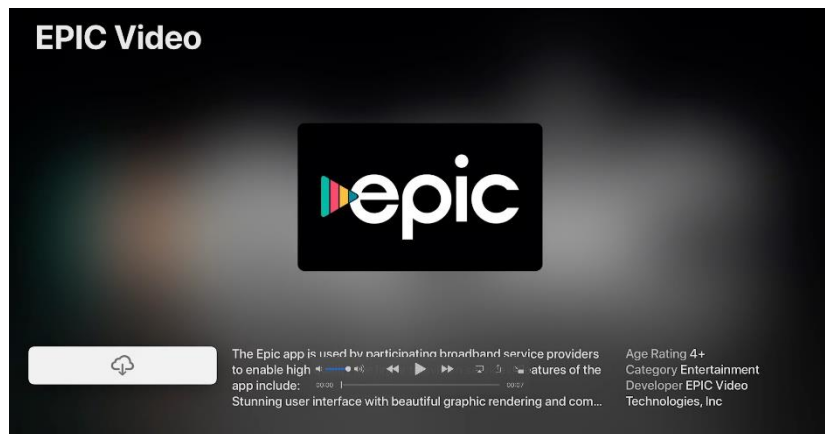

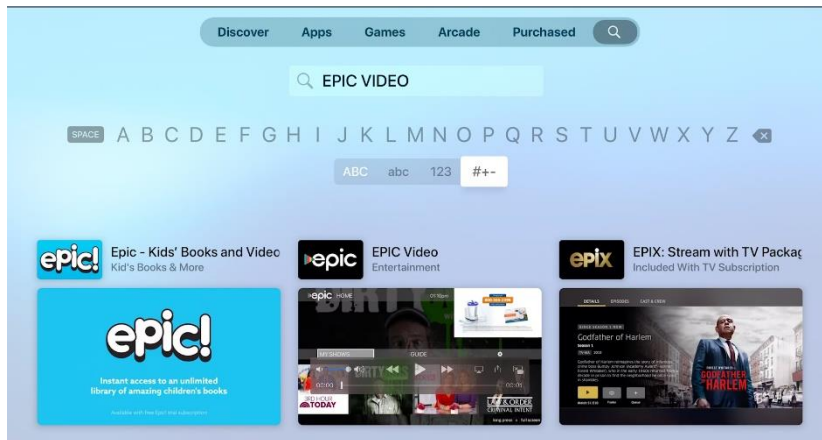

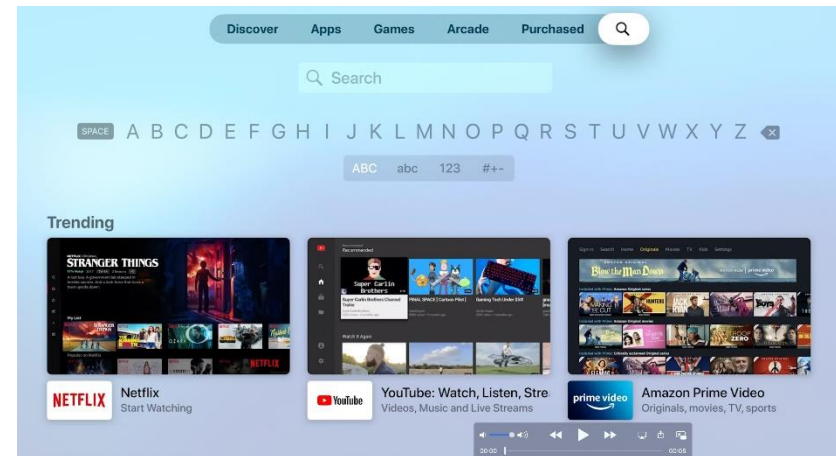

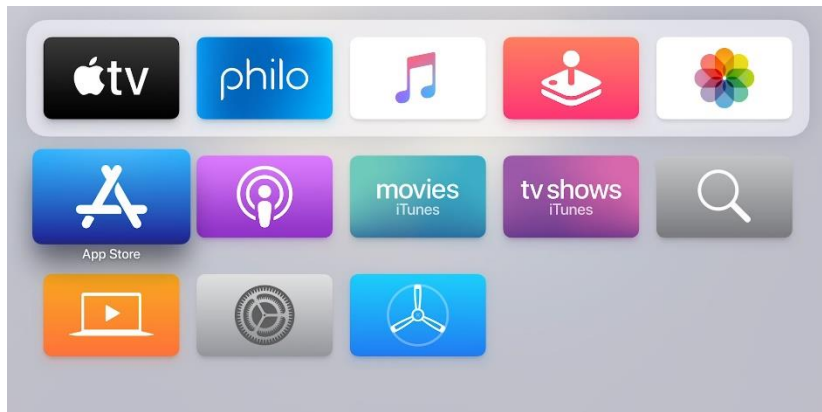

Google Play Store

Roku

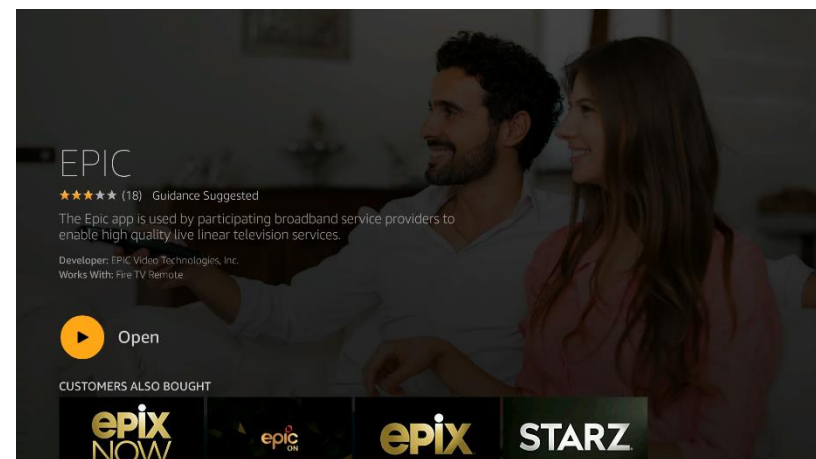

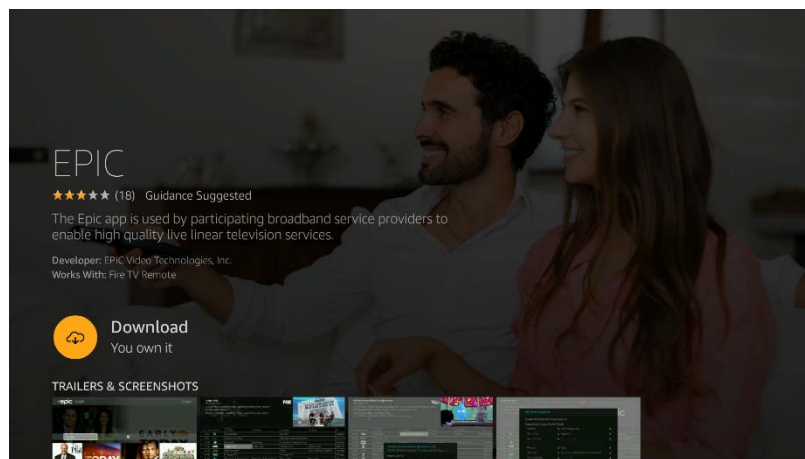

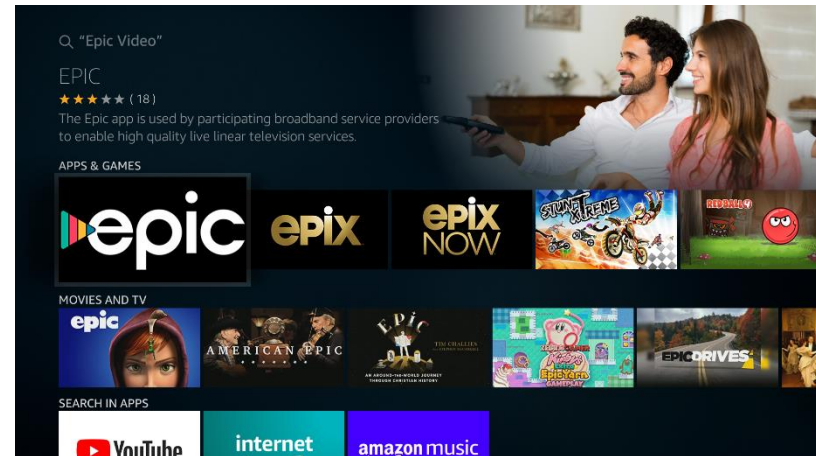

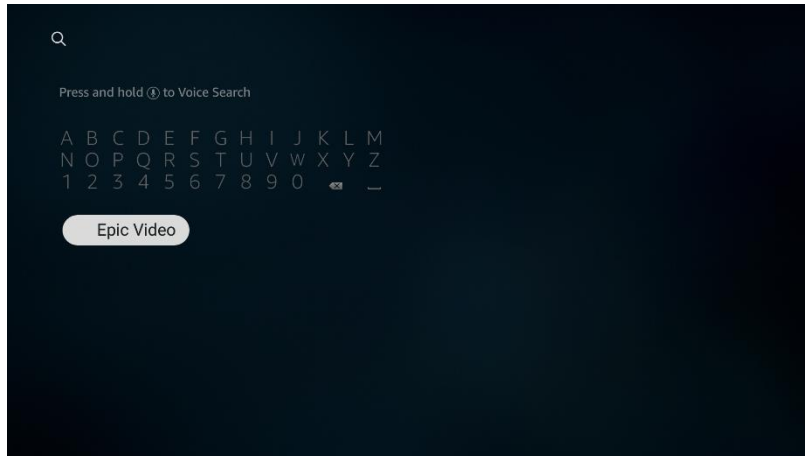

# Apple

From your Apple device, search for **EPIC Video Technologies** in the App Store. From there you can download and open the app.

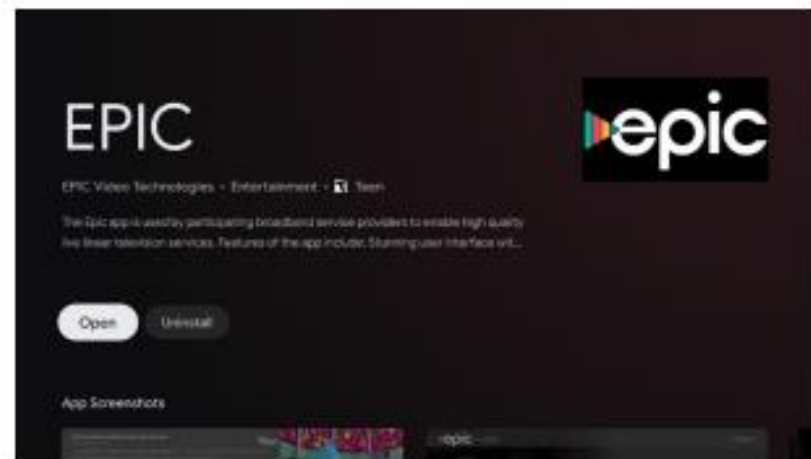

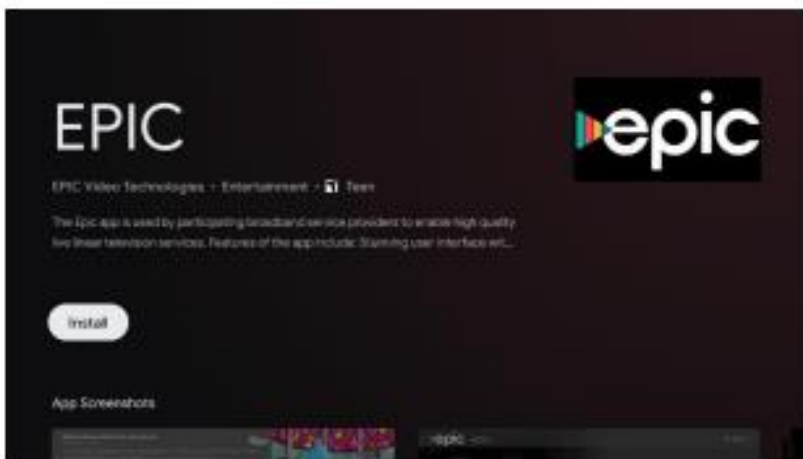

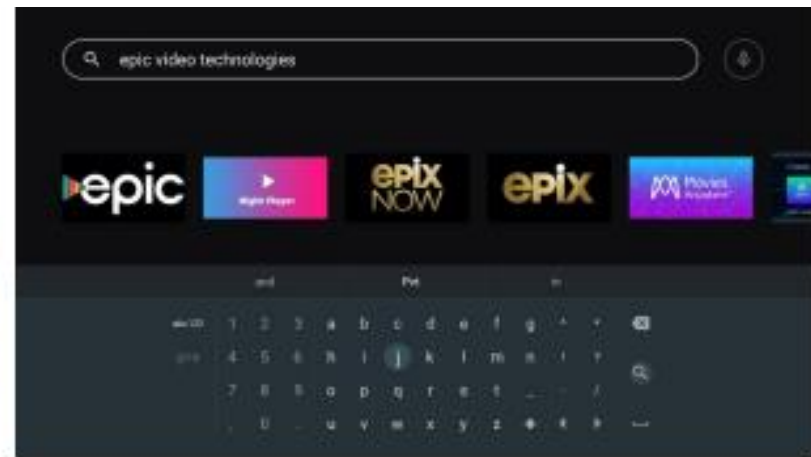

# Amazon Fire Devices

Sign into your Amazon Fire device and search for **EPIC Video Technologies**. From there you can download and open the app.

# Google Play

Sign into your Google Play account and search for [EPIC Video Technologies](#). From there you can download and open the app.

# Roku Roku

Sign into your Roku account and search for [Skitter TV](#). The EPIC app will appear and from there you can download and open the app.
